### YOUR FIRST STEP TO MASTERING THE MARKET

# INTRODUCTION //

## UTC CORE

is designed for those taking their first confident step into the world of trading. The markets can feel complex—filled with endless charts, jargon, and noise—but with the right foundation, everything starts making sense. This program simplifies the process through clear, structured learning that builds real understanding, not confusion.

From the basics to practical application, UTC CORE equips you with the essential skills, clarity, and confidence to trade with purpose—and grow with direction.

# WHAT YOU WILL GAIN?

## WITH THE UTC CORE PROGRAM YOU WILL GAIN:

- ➡ A clear understanding of how the market moves.
- ➡ The basics of price action (PA) and chart reading.
- ➡ Insights into different trading styles such as intraday, swing, and scalping.
- ➡ Practical knowledge of tools like Trading View to analyse  markets effectively.
- ➡ The difference between retail traders and institutional players.

This course is your launchpad to market mastery—built to strengthen your foundation, sharpen your edge, and shape you into a confident, consistent trader.
